PLEASE COME JOIN US AND SUPPORT OUR CAUSE!

The Transverse Myelitis Association (TMA) is a not-for-profit dedicated to the support of individuals diagnosed with a spectrum of rare neuro-immunologic disorders: Acute Disseminated Encephalomyelitis (ADEM), Neuro-myelitis Optica (NMO), Optic Neuritis (ON) and Transverse Myelitis (TM). Very little is understood about these acute debilitating diseases. The TMA supports research and education to advance the understanding of these diseases and to increase awareness of these rare neuro-immunologic diseases. Learn more about TMA @ <http://myelitis.org>.
