

2015

RARE NEURO-IMMUNE DISORDERS SYMPOSIUM

Emerging Science and Treatments

An education and advocacy conference for families, caregivers and individuals diagnosed with Transverse Myelitis (including the subtype Acute Flaccid Myelitis), Neuromyelitis Optica, Optic Neuritis, and Acute Disseminated Encephalomyelitis

Friday & Saturday | October 23-24, 2015 | Dallas, Texas
UT Southwestern | T. Boone Pickens Biomedical Building

Welcome to the 2015 Rare Neuro-Immune Disorders Symposium on Emerging Science and Treatments for Transverse Myelitis (TM) (including the subtype Acute Flaccid Myelitis), Neuromyelitis Optica (NMO), Optic Neuritis (ON), and Acute Disseminated Encephalomyelitis (ADEM). This conference, hosted by The Transverse Myelitis Association (TMA), The University of Texas Southwestern Medical Center (UTSW), Children's Health – Dallas and The Johns Hopkins Transverse Myelitis Center (JHTMC), is dedicated to the exchange of information regarding diagnosis, research, and treatment strategies, and to providing an opportunity to bring together the community of individuals diagnosed with these rare neuro-immune diseases, families, caregivers, and the medical professionals who have interest and are specializing in these diseases.

In addition to the education program, the TMA will be hosting pre-conference workshops and courses to build an enhanced support network system and advance the clinical training and science to achieve better quality of life for individuals diagnosed with rare neuro-immune disorders and their families.

-  The International Myelitis Working Group Meeting will be held on October 23rd with invited scientists and clinicians to update diagnostic criteria and recommended diagnostic evaluation for non-traumatic myelopathy, with special emphasis on Myelitis.
-  An advocacy workshop will be held on October 23rd with TMA support group leaders to expand the support group network and infrastructure globally.
-  A neuro-rehabilitation pre-course will be held on October 23rd in partnership with The International Center for Spinal Cord Injury at The Kennedy Krieger Institute and The University of Texas Southwestern Medical Center to offer physical therapists and occupational therapists an opportunity to learn about neuro-rehabilitation in AFM, TM, NMO and ADEM.

OBJECTIVES

-  Acquire an understanding of the biology and causes of rare neuro-immune disorders (TM, NMO, AFM, ADEM, and ON) and how they relate to each other
-  Learn about the latest medical and surgical strategies to manage the symptoms associated with these chronic rare neuro-immune disorders
-  Gather information and knowledge on the latest acute and long-term immunotherapies, clinical studies, and future treatment strategies

AUDIENCE

This conference is open to all individuals diagnosed with AFM, TM, NMO, ON, or ADEM, their families and caregivers. Medical professionals interested in these diseases are also welcome to attend.

REGISTRATION FEES

TMA MEMBERS

REGISTRATION DEADLINES

	Early Bird - By July 31	Aug 1 - Sept 15	Sept 16 - Oct 15
Conference Participant	\$ 40	\$ 50	\$ 60
Additional Participant	\$ 30	\$ 40	\$ 50
Children (12 - 18 years)	\$ 10	\$ 15	\$ 20

NON-MEMBERS

REGISTRATION DEADLINES

	Early Bird - By July 31	Aug 1 - Sept 15	Sept 16 - Oct 15
Conference Participant	\$ 65	\$ 75	\$ 85
Additional Participant	\$ 50	\$ 60	\$ 70
Children (12 - 18 years)	\$ 15	\$ 20	\$ 25

* Children under 12 years of age can attend the symposium at no cost

** TMA Membership is free. To join The TMA go to <https://myelitis.org/join>

REGISTRATION

To register for the symposium, please go to <http://myelitis.org/2015-rnds>

All presentations will be video-recorded and made available at <http://myelitis.org>

AGENDA

FRIDAY OCTOBER 23, 2015

5:30-8:00 pm

WELCOME RECEPTION AND DINNER

Keynote Panel

State of The Union of Rare Neuro-Immune Disorders
Benjamin Greenberg, MD, MHS | University of Texas Southwestern
Medical Center and Children's Medical Center Dallas

Fight SMA: The Journey to a New Therapy
Douglas Kerr, MD, PhD, MBA | Biogen

Living with a Rare Disease: Hardships and Hopes
Barbara Nichols | TMA Texas Support Group Leader

Personalized Medicine & the Future of Therapeutics for Rare Diseases
Ajay Verma, MD, PhD | Biogen

SATURDAY OCTOBER 24, 2015

8:00-8:30 am

Myelitis and Subtypes: Report from the International Myelitis Working Group
Benjamin Greenberg, MD, MHS | University of Texas Southwestern
Medical Center and Children's Medical Center Dallas

8:30-9:00 am

Management of Acute Flaccid Myelitis
Teri Schreiner, MD | University of Colorado School of Medicine and Children's
Hospital Colorado

... CONTINUED SATURDAY OCTOBER 24, 2015

9:00-9:30 am	Neuromyelitis Optica Spectrum Disorder - Is it always a Recurring Disease? Michael Levy, MD, PhD Johns Hopkins University School of Medicine
9:30-10:00 am	Advances in Neuro-Rehabilitation Daniel Becker, MD International Neurorehabilitation Institute and Johns Hopkins University School of Medicine
10:00-10:15 am	BREAK
10:15-11:15 am	PANEL DISCUSSION: Novel Therapies for Rare Neuro-Immune Diseases Michael Levy, MD, PhD Johns Hopkins University School of Medicine (moderator)
11:15-12:00 pm	Question and Answer Session Allen DeSena, MD Cincinnati Children's Hospital Medical Center (moderator)
12:00-1:00 pm	LUNCH
1:00-1:30 pm	Management of Fatigue Carlos Pardo, MD Johns Hopkins University School of Medicine
1:30-2:00 pm	New Approaches to Neuropathic Pain Scott Newsome, MD Johns Hopkins University School of Medicine
2:00-2:30 pm	Autonomic Loss of Function (Bowel, Bladder, and Sexual Dysfunction) Janet Dean, MS, RN, CRRN, CRNP Kennedy Krieger Institute
2:30-3:00 pm	BREAK

... CONTINUED SATURDAY OCTOBER 24, 2015

3:00-4:00 pm

BREAKOUT GROUP SESSION 1

Depression and Cognitive Dysfunction

Lana Harder, PhD | University of Texas Southwestern Medical Center and Children's Medical Center Dallas

Bowel, Bladder, and Sexual Dysfunction

Janet Dean, MS, RN, CRRN, CRNP | Kennedy Krieger Institute
Paula Hardeman, MPAS, PA-C, University of Texas Southwestern

Rehabilitation

Karen McCain, DPT | University of Texas Southwestern Medical Center
Melanie Farrar | University of Texas Southwestern

Support for Caregivers

Audrey Ayres, RN, BSN | University of Texas Southwestern Medical Center
Katherine Treadaway LCSW, MSCIR | University of Texas Southwestern

4:00-5:00 pm

BREAKOUT GROUP SESSION 2

Depression and Cognitive Dysfunction

Lana Harder, PhD | University of Texas Southwestern Medical Center and Children's Medical Center Dallas

Bowel, Bladder and Sexual Dysfunction

Janet Dean, MS, RN, CRRN, CRNP | Kennedy Krieger Institute
Paula Hardeman, MPAS, PA-C, University of Texas Southwestern

Rehabilitation

Karen McCain, DPT | University of Texas Southwestern Medical Center
Melanie Farrar | University of Texas Southwestern

Support for Caregivers

Audrey Ayres, RN, BSN | University of Texas Southwestern Medical Center
Katherine Treadaway LCSW, MSCIR | University of Texas Southwestern

2015 RARE NEURO-IMMUNE DISORDERS SYMPOSIUM

Emerging Science and Treatments

SPONSORSHIP FORM

PRESENTING SPONSOR: \$25,000 — Sponsor will be recognized as the official sponsor and featured in all print materials in large format, on the program website, and all promotion materials of the symposium, including social media with logo in a prominent way. The presenting sponsor will also have an exhibit table during the education program, and receive three (3) registrations.

GOLD SPONSOR: \$15,000 — Sponsor will receive two (2) registrations and will have their logo displayed in a medium-sized format on signage at the symposium, in the program, on the program website, and will be offered an exhibit table.

SILVER SPONSOR: \$7,500 — Sponsor will receive two (2) registrations and will have their logo displayed on signage at the symposium, in the program, have their name listed on the program website, and will be offered an exhibit table.

EXHIBITORS: \$2500 — Exhibitors will have a display table and will receive two (2) registrations.

The agenda of the symposium is determined by the Executive Committee of the Symposium. Sponsors are not able to influence the education program. The Transverse Myelitis Association is a registered non-profit organization recognized by the US Internal Revenue Service as a 501(c)3 organization. Our tax ID (EIN) is 91-1780467.
